A GMAT preparation book providing a structured approach for teaching sentence correction.

The GMAT Critical Reasoning Grail spans more than 240 pages and helps you master Critical Reasoning on the GMAT in a systematic way. The book firstly builds a strong foundation by discussing the basics of Critical Reasoning and then addresses each question type in-depth. It then goes a step further and provides you 100 practice questions for intensive practice. Like the Sentence Correction Grail, the Critical Reasoning Grail is written in an engaging manner and will equip you with all the skills that you need to tackle Critical Reasoning questions confidently. This book is superior to the other books available for Critical Reasoning in many ways. The GMAT Critical Reasoning Grail contains the most up-to-date content for Critical Reasoning. For example, while other books focus on Main Point questions, these question types rarely appear on the GMAT now. Similarly question types such as Logically complete the passage, which are increasingly being tested on the GMAT, find no mention in other books, whereas the CR Grail has an entire chapter that discusses this question type. What also distinguishes the GMAT Critical Reasoning Grail is that it helps you master Critical Reasoning in a step-by-step manner, using jargon free language and does not make you dependent on the diagrammatic approach.It is also the only book that provides you 100 Critical Reasoning Questions for practice

This comprehensive maths review for the GRE, GMAT and SAT features a series of carefully sequenced practice sets designed to build a student's maths skills step-by-step.

From grammar rules to paragraph structure, specific verbal skills are required on the GMAT. Newly revised and updated, this unsurpassed guide provides the most comprehensive preparation available for the 240,000 students who take the Graduate Management Admission Test each year. Includes strategies, color graphics, and thousands of practice questions with explanatory answers.

"Wasserstein is widely recognized as the father of modern-day mergers and acquisitions... [He] explains what drives mergers and how they get done." - USA Today "Informative and entertaining." - Kirkus Reviews Big Deal is a penetrating look at the world of mergers and acquisitions by the legendary Bruce Wasserstein. Using compelling case studies, he reveals the inside story of the billion dollar deals that shape America's economy.

Going Viral records the encouraging story of tackling the pandemic in India and the efforts of all who have worked tirelessly to keep us safe. The COVID-19 pandemic caused enormous suffering across the globe. All countries irrespective of their economic, social and health infrastructure or cultural status plunged into unimaginable devastation. India also went through its share of despair and agony. As a nation, we fought this pandemic bravely with the all-round support of the government, scientific agencies and the public and came up with customized solutions to save the nation. The biggest among them was the development of an indigenous vaccine in record time. Going Viral is an honest attempt to take readers through the journey of India's homegrown vaccine as seen through the eyes of Dr Balram Bhargava, a medical scientist and the director general of India's apex medical research organization, the Indian Council of Medical Research (ICMR). Starting with the report of a mysterious pneumonia-like illness from Wuhan to the detection of the first case, Bhargava shares his own experience while fighting the health crisis of the century. From the development of a robust laboratory network, diagnosis, treatment and serosurveys to new technologies and vaccines, the book touches upon the intricacies of science and challenges faced by our scientists during the fight against COVID-19.
